Dear Grade Three Parents,

The Grade Three class will be visiting the Canada Science and Technology Museum on **Tuesday, November 8th**. We will be exploring Structures and Forces as part of our *Strong and Stable* Unit of Inquiry.

We will enjoy two Science Workshops! The following is an overview of the workshops:

- 1. Structures and Stability Workshop:** Experiment to discover the characteristics of different structures and how they are designed to meet specific needs. Try building a tower or bridging a river to reveal which geometric shapes are the sturdiest. This workshop encourages students to use their problem-solving skills while exploring mechanical devices and building structures.
- 2. Pushing and Pulling:** What happens when you try pushing or pulling force on an object? Hands-on activity stations illustrate how gravity, static, magnetic and muscular forces cause objects to move. Apply different levels of force on objects and see them move, attract, repel, or change direction. Find out which forces are applied through direct contact and which interact at a distance.

Students are asked to wear their Number One uniform (tunic, long sleeve shirt, tie, tights and black shoes). We will be leaving the school at 8:30 a.m. and returning just before lunch. Please note that your school account will be charged \$16.00 for this outing.

Please complete the attached permission form and return it to Ms. MacDougall by Friday, October 28th.

Sincerely,

Alli MacDougall
Grade Three Teacher

Accordingly, I, by my signature below, hereby authorize and give my express consent to the Head of Elmwood School, or her delegate, to act in loco parentis and in that capacity to consent to medical treatment or surgery for the student based on the advice of the attending physician who considers immediate medical treatment or surgery to be a necessity.
