

December 1, 2011

Dear Supporters,

Elmwood School is an independent day school for outstanding girls from Junior Kindergarten to Grade 12. This March Break a group of our Senior School students will be participating in a community service trip to India with Me to We Trips. Students will be building a school and volunteering in a local community. This is not only the adventure of a lifetime, but an excellent opportunity for students to develop their leadership skills, interpersonal skills and global awareness.

In an effort to reduce the cost of the trip students have organized various fundraisers. They have planned dances, two bottle and change drives and are selling holiday cookies. Wouldn't it be nice to have treats for friends and family during the holidays without having to bake them yourself? For only \$20 you will get a mixed box of 3 dozen homemade, nut-free holiday cookies. Cookies will be delivered the week of December 19th.

Thank you for supporting our trip! Please do not hesitate to contact us if you have any questions.

Sincerely,

Erin Derbyshire
Trip Coordinator
