In the space provided please write approximately 100-200 words explaining why you would like to participate in this trip.

### **Cost**

The approximate cost of the trip will be \$4500 depending on the number of participants/departure city. This includes round-trip airfare, all travel expenses within India, all meals and accommodations during the trip, leadership training, a donation to the local community. Additional costs will include passport fees (if a new passport is required), travel insurance, visa cost, medical insurance, immunizations and spending money.

In an effort to offset some of the cost of the trip, some fundraising may be option. Participation is optional; however only those that participate will be able to use the fundraising money towards the cost of their trip. More details will follow.

I, \_\_\_\_\_, would like to be considered for the Elmwood School Community Service trip with “Me to We” to India.
