

September 15, 2011

Dear Parents of New Grade 4 and 5 Students,

Our Junior School music programme includes recorder instruction, beginning in Grade 3. If your daughter has never played the recorder, this is not a problem as we will be doing a fair amount of review at the beginning of the year. New students will also be encouraged to attend Music Club sessions on Thursdays at lunch recess, where I will give them extra help until they feel they have "caught up."

Your daughter will need to have a recorder and instruction book, which is normally purchased through the school at a cost of \$14. If your daughter already has a recorder, she need only purchase the instruction materials for \$6.

Please fill in and return the form below so that these items will be available to your daughter as soon as possible.

Sincerely,

Evelyn Pike
Junior School Music Teacher
