

October 7, 2010

Dear Grade Four Parents,

In Grade Four we have a wonderful tutoring program with the girls from the 'big school.' Students meet in the Grade Four classroom during a lunch recess or after school, to receive additional support in their requested subject, or just to get a bit of extra help with their homework.

Your daughter has demonstrated wonderful initiative and responsibility by volunteering to participate in this program. I will work with both your daughter and her tutor to ensure that their meetings are purposeful and productive.

Your daughter's name: _____

Her tutor is: _____

Her requested subject focus: _____

Meeting time: _____

Thank you in advance for your shared enthusiasm in our tutoring program. If you have any questions, please do not hesitate to contact me at your earliest convenience.

Sincerely,

Nicola Powadiuk
Grade Four Teacher
