

February 10, 2011

Dear Parents,

We will be holding an information session about Elmwood's Senior School academic program on Wednesday, February 16 at 7 p.m. The presentation will last no more than an hour and will feature information about the following:

- Ontario graduation requirements
- Curriculum and course options at Elmwood
- Academic and credit counseling at Elmwood
- e-learning courses through CIS Consortium
- International Baccalaureate Programme (Middle Years and Diploma)
- University preparation

I trust this presentation will be informative and will provide you with useful information as your daughter begins preparing for her next academic year.

If you do plan to attend, could you please RSVP to Janice Clarke, Guidance Assistant by Tuesday, February 15<sup>th</sup> at [jclarke@elmwood.ca](mailto:jclarke@elmwood.ca) or by calling her at (613) 749-6761 ext 251.

Also, please note that a similar presentation will be given to Grades 8-11 students during the school day beginning next week, followed by individual meetings with each student in these grades beginning February 17 and continuing into early March. Course options will be reviewed with each student at these meetings, and each student will be given an option sheet and Course Calendar to take home and review with parents. Signed option sheets are due back to the Guidance office no later than Friday, March 11. If interested in joining your daughter at her individual meeting, please contact me directly at (613) 749-6761 ext 229, so that I may inform you of her scheduled appointment.

I look forward to working with your daughter as she begins preparing for next year.

Sincerely,

Donna Naufal Moffatt  
Director of Academic Counselling
